Verse 1: Big Syke

My daddy always told me black folks lazy...  
That's why he raised me crazy  
Don't ever try to play me  
You better pay me  
You can love or hate me!  
It don't make me none, Just have my funds  
Flippin', scrippin tripp and i'm gonna get my gun  
They run our soul and control our minds  
So i can't fold in this world of crime  
Just look you'll find everybody in the pen  
With atleast 10 for tryin to get a big bodied benz  
In the universe i'm nobody  
I know i'm cursed but yo gon' pay me  
See the university say you goin' pro  
They get there money now is what you really don't  
know  
It flows from the streets to athlete's  
Bangin' to track meets  
From Venus to Serina  
You know that we pack heat  
Gimmie mine!

(Chorus: Krayzie Bone x2)

Verse 2: Mack 10

Yo  
I keep that fryin' in a pot of water  
Till it bubble  
The rock my work and i prophet like double  
Now i done heard every war story there is to be told  
And done, pushed every narcotic it is to be sold  
Dogg i'm a street nigga rider till the end  
Know from state to state as maniac Mack 10  
Now who you know push a Bentley with tattoo's galore  
Bust with classic ??? and hit the switch on the 64'  
I kick back relax bein blunts to the head  
Since i was two with my crew g'd up in all red  
See i'm all about the dollar moolar and chips

And see bust million dollar checks and half with crip's  
And give a fuck what you think cuz your attitude is  
funny  
And real niggaz be about they loved ones and they  
money  
So get you some business and quit talkin' like a bitch  
And eh, suck a niggaz dick or eh make a nigga rich  
You heard

(Chorus: Krayzie Bone x2)

Verse 3: Young Noble

Ay yo  
If it don't make dollar's then it don't make sense  
Outlaw motherfucker and we all about chip's  
I got niggaz who been standin' on the block for years  
Give a fuck about the cops  
We been hot for years  
And all the fiends be lovin' us  
I wan it all from drug money to publishin' dice game  
bubbilin'  
Uh, Pac was right it's as simple as this  
Homie get of your ass if you plan to be rich  
There's one rule to the game either ball or die  
Noble everyday grind outlaw for life  
At eleven years old i sold coke by the front of my home  
For new Nike's and the latest clothes  
I made this doe  
Dawg i'ma keep on gettin' it  
And stackin' it oh  
And you can keep on trickin' it  
We live this shit 4 money and power  
Give it all to the Lawz' now your money is our's  
Pay me nigga

(Chorus: Krayzie Bone x5)

Transitional stage's thought five hundred plus years  
Lost wages from the cotton fields to the concrete  
jungle  
I am now forced to hit the stage to get my bundle  
Constantly carrying this country from slave times to  
land mines  
Thought pure entertainment  
I'm not mad at cha' as long as i receive my payment on  
time  
I'm just chasin what's already mine  
If the ones on top want my talent  
Just make sure i have a seven figure balance  
I am part of the talented ten

And since i have portrayed a pawn for the government  
Somebody owes me for my irreplaceable sweat and  
tears  
Those who know me understand the smiling faces  
standing in my mirrors  
I no longer have the patience i'm not high maintenance  
But time is money and i have no time for it to be acting  
funny
