Rollin up some mo'
Rollin up some mo'
Rollin up some mo'

A little bit of reefer's all I need
(All I need)
With a little big of Gin mixed with Hennessey
(Hennessey)
A little bit lighter really sets the mood
Have you feelin' like everything is so damn cool

A little bit of reefer's all I need
(All I need)
With a little big of Gin mixed with Hennessey
(Hennessey)
A little bit lighter really sets the mood
Have you feelin' like everything is so damn cool

Hop in my Five-Double-O
Roll up my window asshole your lettin' out all the smoke
You never waste a blow, motherfucka don't you know?
I'm a weed head, P.O.D ded stayin' tweeded
It make me happy
Won't even sleep unless I'm beamin', fiendin'

Which one of you niggaz gonna put some ends in?
'Cuz I'm tellin y'all right now I'm smokin' everything I'm
spendin'
Goin' down, cop a quarter pound now we in here
blowin' it
Wait a minute where's the bowl at?
Young Dre done got me spoiled man

Done smoked two blunts, and now I'm feelin' like I can
fly
I get into zones of my own everytime I get high
And whenever it is, I think I see
I'm buzzin' so it doesn't really matter to me

I got issues nuttin' but problems feels my green
My nigga wanna test me with the same old games
Got this chicken down in San Diego, and he trickin' on

my pesos
And he think that I don't know

And he got the gall he fuckin' two of my dawgz
Now they actin' kinda funny when I call
So when I'm with my thugs on da line
Tonight no lady like instead I grab a fifth of Hen
Take it to the head, c'mon

A little bit of reefer's all I need
(All I need)
With a little big of Gin mixed with Hennessey
(Hennessey)
A little bit lighter really sets the mood
Have you feelin' like everything is so damn cool

A little bit of reefer's all I need
(All I need)
With a little big of Gin mixed with Hennessey
(Hennessey)
A little bit lighter really sets the mood
Have you feelin' like everything is so damn cool

No niggaz came late to get me, Keith G pass the Henny
Kray lookin' like a chimney, TL'll smoke whatever and
any
Naw, I'm buggin' my squad ain't druggin' like that
Luggin' the Mak, LeReece all nice with K-mont in the
back

Blunts and stunts is what's rolled up
Once it's lit it's hit, and if you ask me why I'ma tall ya
what
What ya want?
Smoke a blunt all jokes is front fuck beatin' around the
bush
Kick the the group's ass ya punks

I mix Henny with Alize get drunk and talk slick
Niggaz be sizin' me up, you know I'm ready to flip
My niggaz stay smokin out, sippin Hen and Tengery
Nigga, we be havin' hella fun like they do in the bay

It be the weekend gangstas that me causin' the tention
You might catch me while I'm out, in the tough guy
convention
But don't get it fucked up, because I'm all about my
cheddar
It ain't easy being me, but nobody could do it better

A little bit of reefer's all I need

(All I need)
With a little bit of Gin mixed with Hennessey
(Hennessey)
A little bit lighter really sets the mood
Have you feelin' like everything is so damn cool

A little bit of reefer's all I need
(All I need)
With a little bit of Gin mixed with Hennessey
(Hennessey)
A little bit lighter really sets the mood
Have you feelin' like everything is so damn cool

Every time I'm rollin' out with Krayzie we crazy, try not
to get cuffed up
Fucked up sippin' on that siz urp, pourin' out that cup of
stuff
Them Jolly Ranchers and enhancers, I mix it up like a
chemist
Drop about 10 of 'em in it, then sip it slow 'til it's
finished

Then it's that [Incomprehensible]
Little [Incomprehensible] is safe at home
Then get your brain broke, they boiler makers and they
chain smoke
Boss ain't no fuckin' rookie, put purple permethozine
up on you team
That's guaranteed to make you lean
And keep you higher than giraffe pussy

I ain't ate all day, but steadily gettin' fucked up
Smokin' this weed, waitin' to get scooped up
It's the bum Keith G, carribus we on twists
We needed a fix, my nigga dip into the rent

We worry about that payback later we gonna smoke
And live for the meanwhile puffin with Juvenile, what?
I'm in the mood to speak my piece, pass the mic
I'm in the mood to drink some burb, we high tonight

A little bit of reefer's all I need
(All I need)
With a little bit of Gin mixed with Hennessey
(Hennessey)
A little bit lighter really sets the mood
Have you feelin' like everything is so damn cool

A little bit of reefer's all I need
(All I need)
With a little bit of Gin mixed with Hennessey

(Hennessey)

A little bit lighter really sets the mood

Have you feelin' like everything is so damn cool
