Say baby

I was just wondering if would like to spend some time  
with a real nigga

Maybe come over to my place, drink some grey goose  
and smoke some fine marijuana

haha, i knew you would

so why dont me and you just go hop in my ride and do  
what grown folks do

\*Krayzie Bone\*

I know you smokin' baby, come on and hit my weed  
(Would you like to get high with me)

I know you smokin' baby, come on and hit my weed  
(Close your eyes and pull on my weed)

Chorus x2

Would you like to come and smoke wit me

Roll it up, Roll it up, Roll it up, Roll it up, Roll it up

Would you like to come and get high, So high (So high)

We smoking lovely, lovely, lovely, lovely, lovely, lovely,  
lovely, lovely

I can make you fly, I can make you fly, I can make you  
fly

Chorus x2

Would you like to come and smoke wit me

Roll it up, Roll it up, Roll it up, Roll it up, Roll it up

Would you like to come and get high, So high (So high)

We smoking lovely, lovely, lovely, lovely, lovely, lovely,  
lovely, lovely

I can make you fly, I can make you fly, I can make you  
fly

Chorus x2
