Wish Bone)

You can call it what you want to  
Respect when we roll through  
fight like yeah, Thats just what we bust through  
swear niggaz straight thugs  
Really nigga rolled up  
Layed out  
Blacked out  
Know niggaz fucked up  
it dont really matter  
they scatter  
we bustin'  
so fuck'em  
let em lay  
I ain't really playin, niggaz playin  
Bone ass niggaz down, to me that shit is gay  
better than my black gauge too  
hear ya blountin buddy but my eyes on you  
watch that step, do what I gotta do  
gotta go fuck in my hotel room  
its about that money that money gotta have me some  
money  
or else  
hit a nigga to the white meat  
gonna get me some money  
i ain't gotta tell, a nigga know  
when you fuckin with that bone better go for broke  
it ain't really that serious betta let it go  
ain't no tellin where that might might just might go

(Krayzie Bone)

You mutha fuckers better wake up and smell  
that marijuana inhale  
that little ganja  
and realize ya dealin with a monsta  
mastermind  
i rap the crime  
i blast ya mind  
im so sick  
but dont need to call a doctor  
'cause you wont find a cure for this  
besides I dont need no remedy, I'm already fixed

nigga take a hit of this and you aint never goin back  
to that wack shit  
y'all know what clique got the hits  
wait a minute  
im sick of niggaz gettin all the credit  
for bein tough guys and aint got the balls and said it  
i read it little nigga when I seen him in the video  
you can tell who really real on them really hoes  
just because you strik a pose in some pretty clothes  
really dont mean you niggaz automatic criminals  
you can fool the episode  
they dont really know  
how a real nigga let the mutha fuckin trigger go

(Chorus) x 2

we them, thuggish ruggish niggaz that'll enter ya  
mind,  
with them ruff and rugged lyrics that I spit like a nine,  
it dont matter where we hit em  
its a hit everytime,  
but you know thats bone  
thats that bone!

(Kryazie Bone)

i told you nigga, you dealin with a beast  
from the streets of cleveland, down with Easy-E  
niggaz give me a reason to keep that heat in the seat  
but in my lap so I'm in position to bust back

(Wish Bone)

guess who's back to shut the lights down  
screamin out thug and no you ain't none  
gotta do something  
when we see we gon' run up on em, nigga gotta tell me  
somthin, somthin

(Krayzie Bone)

Take a journey to my violent side  
the riots lie  
hit 'em with the silenced nine, a quiet mine  
and still fuck the law, and any other mutha fucker  
wanna run  
up, come on

(Wish Bone)

and its easy it dont take much to make ya blow  
before you hear it you gon' feel it  
stay locked and loaded  
thugs like us they dont make it get it straight dawg  
get rolled up  
they gon' like it when we roll off

(Krayzie and Wish)  
missed with the sawed off  
creepin through the fog  
all, y'all niggaz die  
competition dry, to see me with a another that can  
really  
get with the lyrical killas from the 99  
spittin when I ride ride

(Wish Bone)  
know what you doin when you step, you can fall off  
hands up thugs comin through when we raw dawg  
everywhere we go yes its like that  
everywhere we roll strapped with black a thug ready to  
go...

(Chorus) x 6 (ever other chorus change) ((ruff to  
wicked))  
we them, thuggish ruggish niggaz that'll enta ya mind  
with them ruff and (rugged) lyrics that I spit like a nine  
it dont matter where we hit em  
its a hit everytime  
but you thats bone  
thats that bone
