[Krayzie]  
Kill me, son  
Yo, it's on  
Come follow me to the ghetto  
(Dedicated to the hustlers)  
Come follow me to the ghetto  
(Hustlers in the hood)  
Come follow me to the ghetto  
(To the projects)

1 - Come follow me to the ghetto  
But this ain't a place that everybody can go  
(You got to be a thug to know the love in the ghetto,  
ghetto)  
Come follow me to the ghetto  
No this ain't the place that everybody can go  
(I say you got to be a thug to know the love in the  
ghetto, ghetto)

Come follow me to the ghetto  
But this ain't a place that everybody can go  
(You got to be a thug to know the love in the ghetto,  
ghetto)  
Come follow me to the ghetto  
Nope this ain't the place that everybody can go  
(I say you got to be a thug to know the love in the  
ghetto, ghetto)

What a wonderful day off in the neighborhood  
G-double O-D good mornin' to ya  
(Wake up) get up, hey there, whassup?  
Let's take a stroll through this place we call home  
And everybody be knowin' your name  
The PJ, where we tryin' to survive  
Of all our good times after workin' all day  
So we hangin' all night, drinkin'  
Feelin' all right from the love in our community  
You're a friend to me keepin' it real  
Is what we done to get by day  
You watch my back, you back is got  
What a nigga from, it's like that  
It ain't all good, then again, it ain't all bad

It's hard times, but some of the best times we don' had  
Now can you feel me?

Repeat 1

And I gotta give my love to the projects nigga, feel me  
We should let him know we ain't forgot  
It's about this on your block  
When they got a fist full a rocks, runnin' from the cops  
Keepin' it real, they try to come up with a hundred  
dollar bill  
If not, anything to get a meal is all right  
It's all about that bank roll  
'cause when you're broke low, only the strongest  
survive  
I know people who vanish, so just do what you need  
Just demand to sit public or when they get business  
And if it's illegal, just play with your fears  
I hope I'm forgiven for robbin' and stealin'  
Stickin' your butts up for 50s and 20s  
Dollars, quarters, shit, even pennies, it don't make a  
difference

I'm hungry, just give me, y'all feel that?  
Casualtie's caps get peeled back  
It's wild down here where we live at  
Real quick you could get killed, that's the way it goes  
You never know  
Givin' my peace to hustlers strugglin' in the ghetto, ah  
Tryin' to make that money, what we'll do to make that  
money

Repeat 1

What you know about hard time?  
What you know about the hard time?  
What they know about hard time?  
Say, what you know about that hard time?  
I can feel it, feel it

Hard time  
What they know about the hard time?  
What they know about hard time?  
Say, what you know about that hard time?  
I can feel it, feel it

[O]  
Supercat told you that the ghetto's real hot  
But you's didn't listen  
So we gotta deliver another rendition  
For instance, everybody knows how it go

1st of the Month, don't front, you did there before  
The place where random family confront you  
Cops will try to hunt you  
Cats will try to pump you and stunt you  
Nobody wants you to succeed, just fail  
The crabs in the bedroom theory  
Clearly the ghetto has it's ills, but hear me  
The streets is where I learned to chase goals instead of  
my tail  
Learned I wanted to sell lyrics instead of Yale  
Studio time instead of time in the cell  
I was compelled to excel  
But to appreciate heaven, gotta see hell

Repeat 1 until end
