Keep smokin and smokin and smokin and smokin and
smokin and smokin, hey come choke with y'all, choke
with y'all, with y'all.

We got the creepa, creepa, creepa, creepa... creepa
my nigga blaze up the reefa, reefa, reefa, reefa, that
reefa.

We got the creepa, creepa, creepa, creepa... creepa
my nigga blaze up the reefa, reefa, reefa, reefa, that
reefa.

Reefa really makes me happy and we be smokin,
chokin, rollin blunts and time after time we be high,
look at all the real thug niggas buzzin, havin' a party,
and the weed goin up in your body. Smokers, chill. My
niggas done got me sloppy.

High oh so so high come on come on, don't be shy let's
get high, we got the herb if you want some, want some,
we got weed indeed you need some, need some, yeah.

We got the creepa, creepa, creepa, creepa... creepa
my nigga blaze up the reefa, reefa, reefa, reefa, that
reefa.

We got the creepa, creepa, creepa, creepa... creepa
my nigga blaze up the reefa, reefa, reefa, reefa, that
reefa.
