[chorus]

Krayzie Bone: Tell me what you know about these hard times, hard time hard times
(background) Walkin in the rain walkin in the rain walkin in the rain. [x4]

If i dont hustle, in my community as u can see its a jungle,
If i didn't strive, then i wouldn't be alive,
if i didn't steal, then i prolly wouldn't live,
thats the real, deal, i spend all night hustlin'
we'd be grindin' till the sun come up and rest, but then we up again,
these hard times, i turn em' into dark rhymes,
cos i can seem to shake em and they driving me crazy,
but im a rider and you know it, we gotta get dirty low,
we can go,
cos im a man strugglin' strugglin' strugglin'
and im a keep on hustlin' hustlin' hustlin'
grind some mo', while i sit back and pray, cos really i don't know how much i can take,
before i risk it all, get in ma car, forget the law, go to the local liqour store,
stick em' up, oh

[fading out]
