feat.Loon & P.Diddy

La la la la la la

La la la la la la

Boy

I know you're a bit unsure

So I wanna let you know

That you got me

Baby I'm all yours

Gotta have you around

I don't wanna do without you here

If you still don't get the picture

La la la

I'm krazy about you (Krazy)

And I

I gotta have you

Cause

I like the way you makin' me feel (Boy I like the way)

Boy for real

La la la la la la (You)

I'm krazy about you (Make me feel)

And I

I gotta have you (Gotta have you)

Cause

I like the way you makin' me feel (Yeah, yeah)

Boy for real

La la la la la la

Can't wait to be alone with you

Heart is racin' when you look at me

Baby if I could I would

Wanna feel this way for good

You don't know just what you do to me

Baby I got to be witcha

La la la

I'm krazy about you (I'm krazy)

And I

I gotta have you

Cause

I like the way you makin' me feel (I like the way you  
make me feel)  
Boy for real (Boy you make me feel good)  
La la la la la la  
I'm krazy about you  
And I (Don't let go)  
I gotta have you  
Cause (You're my baby)  
I like the way you makin' me feel (Boy I like the way  
you)  
Boy for real

(Me)  
Can't make it hard for you to  
(See)  
That we, uh huh

(So)  
Before I let you

Good mornin' ma  
Heard you had a long flight  
You look so good  
Prettier than sunshine (That's right)  
Girl you's a gold mind  
Wifey and the whole nine  
You captivated my mind  
First time I met you (Loon)  
And lord knows  
I aint got time to sweat you (Never that)

But you look crazy in that new Mercedes  
And baby I can't act like shit don't phase me  
Girl I tried to fight it  
Tried to conceal and hide it (Tried)  
No matter what girl  
I can't deny it (Can't deny)  
I'm just a fool for ya love (Yeah)

Cool up the clubs  
I just wanna move smooth  
Like I'm cruisin' on dubs (Say what)  
I'm a grown man ma (Yeah)  
I choose who I love (Come on)  
Choose who I hug  
Choose who I usually rub (Lets go)  
For other chicks  
I don't usually budge (Come on)  
If you wanna know the reason why I choose you (I really  
like the way)  
Because you got me crazy  
(Got me crazy)

La la la  
I'm crazy about you  
And I (Glad you touch me baby)  
I gotta have you  
Cause (Oh)  
I like the way you makin' me feel (Boy you make me  
crazy)  
Boy for real  
La la la la la la  
I'm crazy about you (Boy I like the way)  
And I  
I gotta have you  
Cause (Oh)  
I like the way you makin' me feel (Oh yeah, yeah)  
Boy for real (Break it down, come on)  
La la la la la la

I'm crazy about you (I'm crazy about you baby, yeah)  
And I

Cause  
I like the way you makin' me feel (You make me feel so  
good)  
Boy for real  
La la la la la la
