Ya baby mama git around all her fake friends
She take one lil problem and she make ten
And try to git all the lout that you take in
I should've listened to my dawg's when they warned

I try to compromise but she be ignoring me
And she love to try and put them boys on me (woo)
Tell me this, why the fuck you wanna trip now
Talking all that bullshit out ya lip now
Running keys on the side of my whip now
Looking like Gladys Knight without 'The Pimps' now
