### "Every Night"

Every night, I go to bed  
Fall on my knees and  
I pray for my love

Although he doesn't love me  
He can stay just for me  
I pray

He used to love me with  
All his heart and soul  
I always stayed with him  
Just like he was a toy

And know I know  
It just didn't pay  
To kiss my love  
And break his heart  
And try to run away

Why, oh, why  
Does he hurt me so  
I, oh, I never  
Thought he'd ever go  
Every night

Every night, oooh...  
Every night, oooh...
