"Against The Rest"

Like a world religion
Like a perfect product of your fantasy
Embracing me
No rules, no leaders
Just the purest power of integrity
All I can see

Still a spark is rising
Deep down in your chest
Compromise would equal
Submission to your emptiness

Stand together against the rest
Together against the rest
Following our own direction
Together against the rest

When it feels so helpless
Never healing wounds of life have left their scars
And what's the cause?
Surrounded by aggression
Every word you hear is like oil into a flame
[Incomprehensible]

Still the spark is rising
Deep down in your chest
Compromise would equal
Submission to your emptiness

Stand together against the rest
Together against the rest
Following our own direction
Together against the rest

Together against the rest
Together against the rest
Following our own direction
Together against the rest

Together against the rest
Together against the rest
Following our own direction

Together against the rest
