He bursts their heads till they die  
You feel so mad you're feeling so high  
He arrives he's sent from hell  
Running wild by the sound of the bell

Bonebreaker he takes your life  
Bonebreaker he eats out your heart  
Bonebreaker he is your death  
Bonebreaker!

Tonight you'll beat 'em down  
Tear to shreds and shoot 'em down  
When he's down you've got the right feel  
He bursts your head with his blade of steel

Bonebreaker he takes your life  
Bonebreaker he eats out your heart  
Bonebreaker he is your death  
Bonebreaker!!!
