-----

Masters of war  
Merchants of false peace  
Bleeding the lives of the lost  
Feeding them terminal disease  
Breaking the rules  
No matter who gets hurt  
Wholesaling useless trash  
Charging twice what it's worth  
Freedom of thought a mirage  
The coma is endless and deep  
Feeling so worldly and wise  
Fooled by the friends that we keep  
Spirits on ice  
They'll never be free  
One-dimensional lives  
Will the coma of souls outlive eternity  
Children are pawns  
For generals to play with and kill  
Mercy will never be found  
Where mayhem is done for the thrill

Righteous crusades

Murder to honor a god ?

No one is saved

Dead bodies shrivel and rot

(Second chorus)

SOLO - FRANK

SOLO - MILLE

Deep in the unconscious mind

Lies the oldest wisdom

Buried by centuries

Of war and inquisition

Truth is raped and crucified

By men with savage brains

And greed flows forth in endless waves

>From fools to wretched slaves
