[When I wrote the lyrics to this one, I've tried to put myself into a murderer's mind. To see what he sees, to feel how he feels. It's still even thinking about this.....]

Extreme aggressions
From an extremely insane mind
Resting unconscious
Pushed up by white lines
Inhuman violence
I never thought it would come from this far
Sadistic intensions
My greed for blood is growing more and more

Extreme aggressions
Seeing you suffer brings pleasure to me
Extreme aggressions
My aggressions became too extreme
To be kept under control

Hallucinations
From the darkest part of my brain
I still can't believe it
Am I really insane
I heard your pleading
But no one hears the screams of this soul of mine

Extreme aggressions
Seeing you suffer brings pleasure to me
Extreme aggressions
My aggressions became too extreme
To be kept under control

Society, what have you done to me
Society, bring you to your knees

Once before I die
Now that I have lost the will to live
Once before I die

I'll take revenge on those who've led me to

Extreme aggressions

My emotions, twisted by your lies

Extreme aggressions

Condemned my soul to hell for all time
