"Hate Inside Your Head"

Citizen surrender
Burning tortured screams
Blind fanatics full of hatred
Situation out of hand
Adrenaline must boil
For rioting racists
Hellhounds in anger
Turmoil and prejudice rise
Hectic sudden panic
Careless tragedy
Cold capitulation
As the oldest hate begins again
Adrenaline must boil

For the rioting racists
Hellhounds in anger
Turmoil and prejudice rise
Intellectual master minds
Autocrats lead the blind
Cleaving endsieg deprivation
Extreme racial seperation
Hate inside your head
Riots escalate
