No shape, no form, no brain, no mind
But the power to control all resistance
Its awesome might cannot be denied
By the world that ignores its existence
Older than time - stranger than life
Don't look for a sign without warning it will arrive
It can read your mind
See the world inside
Oversees your life
Decides the day you die
Silent lifetaker
Sentient creator
Worlds recoil in fear
Of the hidden dictator
SOLO - FRANK
SOLO - MILLE
Presence beyond our imagination
Horrible being of fate
Not one sign of its domination
God prays it never awakes

Older than time - stranger than life

Don't look for a sign without warning it will arrive

It can read your mind

See the void inside

Oversees your life

Decides the day you die

Silent lifetaker

Sentient creator

Worlds recoil in fear

Of the hidden dictator

Worlds have risen, lived and died under its obscene
command

Kept the balance of galaxies in its omnipotent hands

SOLO - FRANK

Minds of greedy distortion

All are destroyed in its wake

It judges the worth of the low forms of life

Who cower and quiver and quake

Some may call it the savior

Fall to their bellies and pray

Some will try to resist in the hope they'll exist

To experience just one more day

And the lost shall pray for forgiveness

And the fearful and weak start to scream

As the terrible nightmare of a dying world

Becomes beauty beyond any dream

One world must end

New ones begin

A pure life form

>From death is born

Silent lifemaker

Sentient creator

The new world is blessed by the hidden dictator
