No shape, no form, no brain, no mind
But the power to control all resistance
Its awesome might cannot be denied

By the world that ignores it's existence

Older than time - stranger than life
Don't look for a sign without warning it will arrive

It can read your mind
See the world inside
Oversees your life
Decides the day you die
Silent lifetaker
Sentient creator
Worlds recoil in fear
Of the hidden dictator

[SOLO - FRANK]

[SOLO - MILLE]

Presence beyond our imagination
Horrible being of fate
Not one sign of it's domination
God prays it never awakes

Older than time - stranger than life
Don't look for a sign without warning it will arrive

It can read your mind
See the void inside
Oversees your life
Decides the day you die
Silent lifetaker
Sentient creator
Worlds recoil in fear
Of the hidden dictator

Worlds have risen, lived and died under it's obscene
command
Kept the balance of galaxies in it's omnipotent hands

[SOLO - FRANK]

Minds of greedy distortion
All are destroyed in it's wake
It judges the worth of the low forms of life
Who cower and quiver and quake

Some may call it the savior
Fall to their bellies and pray
Some will try to resist in the hope they'll exist
To experience just one more day

And the lost shall pray for forgiveness
And the fearful and weak start to scream
As the terrible nightmare of a dying world
Becomes beauty beyond any dream

One world must end
New ones begin
A pure life form
From death is born
Silent lifemaker
Sentient creator
The new world is blessed by the hidden dictator
