Don't try to tell us what is right for us  
We don't give a fuck anyway  
Don't try to steal imagination from us  
Things we believe we will never betray  
Those who have the power to  
Suck us try - throw us away  
those who never could create  
Destroy the music of today  
Those devoid of any feeling  
Those who make the compromise  
Betray themselves to make a deal  
Sell their soul at any price  
Sounds without feeling, energy or  
aggression  
From money hungry brains and not  
from the heart  
Fortune, fame and glory are their  
obsessions  
Salesmen, deaf to music, blind to art  
No honesty, just sterility  
A cautious sound they make without  
creativity  
It's still the same as another age  
When they took the words of truth and  
put them to a flame  
No more  
Love us or hate us  
No more  
Love us or hate us

Some have eyes and still can't see  
Their plastic noise is anything but  
music to me  
Mechanized and computerized  
Switch off your brain and make sounds  
that dehumanize  
No more  
Love us or hate us  
No more  
Love us or hate us  
Don't try to take our dreams away  
from us

We will never be like you  
Love us or hate us, it doesn't matter  
to me  
We don't want to be a part of this sick  
society  
Those who have a passion to  
Will never change our way of life  
We may not think the way you do  
But we know that we are right  
Those who want to form a world  
Of trends and monotony  
Have to do it without us  
'Cause we always will be free
