Imperfection, new temptation  
Innocence will breed new life  
Disillusion, desperation  
Free my mind and let it rise

Mass enslavement, brutal torment  
Tomorrow will they see it clear?  
Resurrection, disconnection  
Substance that can make us fly without fear  
Without fear

Never to be seen again  
Ever to release the pain  
Renewal of your mind

Female's poison, male aggression  
Distance to reality  
Foreign places, fallen kingdoms  
Always keep secrets from me

Subliminal, disciplinal  
The art of lying lives on and on  
As we struggle, as we suffer  
Inferior to life, renewal has begun

Never to be seen again  
Ever to release the pain  
Renewal of our minds  
Of our minds

Renewal of my mind

Isolation, illumination  
Modern men embrace the light  
War believers, peace deceivers  
Remaining in eternal night

Politicians, fake musicians  
Create no relationships  
Hate frustraters, penetraters  
Resistance from a path that should not exist

Never to be seen again  
Ever to release the pain  
Renewal of my mind  
Of my mind
