When Death Takes It's Dominion

The best minds of a generation slowly disappeared
For every dream that died a fractured soul
All that people fought for lost it's meaning through
years
And those who stood as one turned into acrimonious
foes

Where is resistance?
Wiped out and killed
Obey, discipline, fear
Facing the end of moral ideals

I come to reclaim
The whole planet and it's kingdoms
When death takes it's dominion
Now, bow down I will reign
Golden cities to oblivion
When death takes it's dominion through hate

Colonies force fed illusion, hooked upon the line
Denounce all, devils left the Judge
Dark wings unfurl, cast the shadows of shameful
decline
Yesterdays legends embrace the warmth of mighty
death

Where is resistance?
Wiped out and killed
Obey, discipline, fear
Facing the end of moral ideals

I come to reclaim
The whole planet and it's kingdoms
When death takes it's dominion
Now, bow down I will reign
Golden cities to oblivion
When death takes it's dominion through hate

Ideologies and concepts failed
A sycophantic feast

Laid before his royal satanic grace
A dark reality penetrates, a protest of deceit
Imperialists and subjects face to face
Terror is the shadow of our fear
Terror is the shadow

When death takes it's dominion
Everything dies!!!
