After all these centuries of teaching godly wrath.
Punishment and after
Life.
Pandemonium. Gods that torture. Gods that judge.
Bring the guilt that they
Make
You deceived by psychopaths. I see through the web
you weave. Your
Heaven, my hell. Your Heaven has become my hell. You
are the virus of this
Scorched burnt earth. Your heaven, my Hell. Your
heaven will always be my
Hell.
Fear has possessed the hearts of man. The hearts of
man.

Now the angles of justice. Preparing their decent. All
illusions that
Poison.
Praying this will be the end. It should all fall apart now.
Kill the
Contrivance and desires. A life time of penetration.
Betray your soul, then
Death smiles. Your heaven my hell. My destroyer of
your faith. Your heaven,
My
Hell. All creator you shall fear my name.

At the end of religion. My spirit shall not die. I will only
see clearer.
No
Longer haunted by these times. I'll be stronger than
ever. No temptation to
Resist. So come on, take my hand now. Let's celebrate
the apocalypse. Your
Heaven my hell. A destroyer of your faith. Your heaven,
my hell. The
Creator
You shall fear my name.

Let this last farewell be heard across all countries. All
cultures, no more

Contrivance Messiahs. Embrace the dawning of the
new earth.

Lets kill all gods. Let's crush the hypocrisy. My eyes are
open wide. My
Eyes
Are open wide. Your heaven, my hell. Your heaven, my
hell. My destroyer.
Your
Heaven, my hell. All creator. Your heaven, my hell. All
destroyer. Your
Heaven,
My hell. My eyes are open wide.
