The way you've got me feeling,  
The gravity boy you're stealin'  
Losing track of nights and days  
Can't control this rushin,  
It's more than a little crush and  
I never ever felt this way

[Hook]

When I dream of you I feel like everything is all right  
Baby you're my sunrise  
When I'm close to you  
I can't hide  
All the joy that's inside  
Baby you're so divine

[Chorus]

(I could stay here with you)  
Fallin' in love so hard, so fast  
I don't know what I'm gonna do  
(I could stay here with you)  
I don't wanna leave  
There's no one else for me  
I, I, I could stay here with you  
(I could stay here with you)

I don't mind you being all up on me  
Hope you never need to take too much time or space  
Maybe I'm just being blind  
When I'm looking into your eyes  
I really think you feel the same

[Hook]

When I dream of you I feel like everything is all right  
Baby you're my sunrise  
When I'm close to you

I can't hide  
All the joy that's inside  
Baby you're so divine

[Chorus]

(I could stay here with you)  
Fallin' in love so hard, so fast  
I don't know what I'm gonna do  
(I could stay here with you)  
I don't wanna leave  
There's no one else for me  
I, I, I could stay here with you  
(I could stay here with you)

Fallin' in love so hard, so fast  
I don't know what I'm gonna do  
(I could stay here with you)  
I don't wanna leave  
There's no one else for me  
I, I, I could stay here with you

Stay with me for always  
Stay  
You and me could find a way  
Stay

[Chorus]

(I could stay here with you)  
Fallin' in love so hard, so fast  
I don't know what I'm gonna do  
(I could stay here with you)  
I don't wanna leave  
There's no one else for me  
I, I, I could stay here with you  
(I could stay here with you)

Fallin' in love so hard, so fast  
I don't know what I'm gonna do  
(I could stay here with you)  
I don't wanna leave  
There's no one else for me  
I, I, I could stay here with you
