You have to go and leave me
Don't make it so hard, just run
It's not that big of thing
You're on the other side of town

I don't want to
Don't like to
There has to be a better way
I don't like it
But there's nothing left to say

Does it ever get any better?
Or will I feel this way the rest of my life?
I just can't get it together
Now and then I'm losing my mind
I tried to look the other way
To make it through another day
Does it ever get any better?
'Cause I'll be with you the rest of my life
Yeah, all my life
All my life
All my life
All my life

You just have to believe me
Take my word and go
For now you can't be with me
We're better off alone

I don't want to
Don't like to
There has to be a better way
I don't like it
But there's nothing left to say

Does it ever get any better?

Or will I feel this way the rest of my life?
I just can't get it together
Now and then I'm losing my mind
I tried to look the other way
To make it through another day

Does it ever get any better?
'Cause I'll be with you the rest of my life
Yeah, all my life
All my life
All my life
All my life

I'm sure I won't forget
I need this breath
I need to get by
I hope you won't regret
The things you said
You need to get by
Need to get by

Does it ever get any better?
Or will I feel this way the rest of my life?
I just can't get it together
Now and then I'm losing my mind
I tried to look the other way
To make it through another day
Does it ever get any better?
'Cause I'll be with you the rest of my life
Yeah, all my life
All my life
All my life
All my life
