"Falling apart"

Smiling, laughing
Like we're both real happy
Like we'll stick together
Happy ever after

Like everything's fine
You're wasting that time

Faking kisses
We're so good at acting
Like there's nothing missing
Like there's still affection

We're coming and I've...

My heart is running on out to love
And I'm falling, I'm falling
We're still living in yesterday
And we're crawling, crawling
We're drunk to people used to be
But we're falling, falling apart

I can taste it
On the tip of my tongue
Though I just can't say it
I know we won't last long

What can I do
No, nothing feels true

My heart is running on out to love
And I'm falling, I'm falling
We're still living in yesterday
And we're crawling, crawling
We're dragged to people that used to be
But we're falling, falling apart

Don't hate me, don't blame me
We had our hands up in the crowd
I'm so sorry, there's no love here
You're just used to having me around

My heart is running on out to love
And I'm falling, I'm falling
We're still living in yesterday
And we're crawling, crawling
We're dragged to people that used to be
But we're falling, falling
My heart is running on out to love
And I'm falling, I'm falling
We're still living in yesterday
And we're crawling, crawling
We're dragged to people that used to be
But we're falling, falling apart
