I've been changing my mind about a hundred times or more
I had it all worked out but baby love my heart feels sore
I'm not that strong, when I hear all lovesongs, I only long for more
I get it together, we won't last forever, I guess I have I always known

So let me sing you this one love
Oh oh, I don't really want you to go, go
Watch my back and say it ain't so, so
I've always known it comes and it goes, goes
This could be the best love I'll know

So let's take it slow
Take it slow

What's it gonna be like when I go to bed alone
And when I look behind to find out everything is gone
Cause that's what it'll be like, maybe you feel right
Baby we will
Life will go on, we are the love songs
Hope it will feel this strong

So let me sing you this one love

Oh oh, I don't really want you to go, go
Watch my back and say it ain't so, so
I've always known it comes and it goes, goes
This could be the best love I'll know

So let's take it slow

love of my life I realize that a man will forget
But you've always been there and I love you, I might

want you back

So let me sing you this one love

Oh oh, I dont really want you to go, go
Watch my back and say it aint so, so
Ive always known it comes and it goes, goes
This could be the best love Ill know

Oh oh, I dont really want you to go, go
Watch my back and say it aint so, so
Ive always known it comes and it goes, goes
This could be the best love Ill know

So lets take it slow
take it slow

this could be the best love i'll know

xxxx- Shannon
