Come on let yourself slide
Come on take it tonight
You made it real

Make your day if I can
Give it all cause I am
You made it real

Chorus
You can say, you can say
Just say what you want
'cause we can't pretend no more
there we go
can't hide myself away inside my fears

So now let it begin
Take it all if I win
You made it real

Time to justify
Time to rectify
You made it real

Chorus
You can say, you can say
Just say what you want
'cause we can't pretend no more
there we go

can't hide myself away inside my fears

So let it come
It made me sacrifice some more
I know you're watching me real close
'cause I've come pretty far
I tried to run but
It kicked me back just where it could
Got sick of all that comes before
...I've come quite far

Come on let yourself slide
Come one make it feel right

You made it real

Chorus

You can say, you can say

Just say what you want

'cause we can't pretend no more

there we go

can't hide myself away inside my fears
