These old shoes ain't gettin'  
Any younger  
This young mind ain't gettin' any  
So don't bother  
Take me around  
Show me what you got back there  
'Cause I got some questions  
And I need you to care

I'll take your hand if you take mine  
Baby I'll figure it out this time

You brought me up and you took me out  
Of that place that I was in I was played by a man  
You stood behind me when I was covered by that  
shadow of a down  
I ran away when you called my name  
Down that road that I know when it was dark and cold  
And now I need some brand new shoes

Oh oh oh

These steps I'm climbin' are gettin'  
A little steeper  
This sea I'm swimmin' is gettin'  
A little deeper no no  
All these lovesick ghosts seems it's gettin' harder  
And harder to get through no  
Guess I'm gonna need a little help  
From you oh

Show me the way and I'll get by  
Baby I'll take a little sin oh this time

You brought me up and you took me out  
Of that place that I was in that was played by a man  
You stood behind me when I was covered by that  
shadow of a down  
I ran away when you called my name  
Down that road that I know when it was dark and cold  
And now I need some brand new shoes

One too many times  
Said I could do this on my own  
Now you're in charge  
Bring me back from this place that I've known

You brought me up and you took me out  
Of that place that I was in that was played by a man  
You stood behind me when I was covered by that  
shadow of a down  
I ran away when you called my name  
Down that road that I know when it was dark and cold  
And now I need some brand new shoes  
And now I need some brand new shoes  
And now I need some brand new shoes
