I see you, girl, walking over here,  
Can't look away.  
I see you left a trail of broken hearts  
On your way to me.  
I try to not let it show,  
But I know that you know... Yeaahhhh!

Chorus:

You break me down  
Every time you make a move.  
Without a sound,  
Girl, you make me come unglued.  
And I don't know what you did to me,  
And I don't care what the doctors say,  
Cause no matter what you do,  
I can't stay away from you.  
Wa-oh! Wa-oh!  
I can't stay away from you.  
Wa-oh! Wa-oh!

There's something about the way you make me feel  
I'm ready to confess  
They checked my heart and it's terminally ill.  
Baby, I'm a mess!  
I'm done trying to deny  
That without you I'll be alright... Yeaahhhh!

Chorus:

You break me down  
Every time you make a move.  
Without a sound,  
Girl, you make me come unglued  
And I don't know what you did to me  
And I don't care what the doctors say  
Cause no matter what you do,  
I can't stay away from you.  
Wa-oh! Wa-oh!  
I can't stay away from you.  
Wa-oh! Wa-oh!

Bridge:

Twenty four hours a day

Ain't really enough, no way,  
To get to know you—  
From "head to toe" you.  
Know how to captivate,  
Please, baby, don't make me wait!  
I'm at your door,  
I need more,  
More, more, more, more... Ohhh! Oooooo!

Chorus:  
You break me down  
Every time you make a move.  
Without a sound,  
Girl, you make me come unglued  
And I don't know what you did to me  
And I don't care what the doctors say  
Cause no matter what you do,  
I can't stay away from you  
Wa-oh! Wa-oh!  
I can't stay away from you  
Wa-oh! Wa-oh!
