What if we were alone would you be the same as
Yesterday in a crowded room
Well I'm not judgin' I'm just wonderin' why? just bein'
you
And you can tell me it's not but I can see right through
you

You're sayin' things
I've never heard
And this side of you I've
Never seen before

Where you been hidin'
Sister who are you
I know it's not easy
Bein' only you
And I know you now 'cause I now I know who you really
are
Yes all along I was played

Had to keep this part of you
Far from me
But I knew you oh so completely yeah
I liked what I saw until you broke down those walls and
let me see you
I know this sounds bad but I hope I'm not wastin' my
time on you
'Cause you're doin' things
I've never seen
And this side of you is
Killin' me now

Where you been hidin'
Sister who are you
I know it's not easy
Bein' only you
But I know you now 'cause I now I know who you really
are
Yes all along I was played

Where you been hidin'
Sister who are you

I know it's not easy
Bein' only you
And I know you now 'cause I now I know who you really
are
Yes all along I was played

Where you been hidin'
'Cause I know it's not easy doin' what you do
And I know you now 'cause I now I know who you really
are
Yes all along I was played
Yes all along I was played
Yes all along I was played
