You say you do but you don't,  
Just like a carousel, round and round you go,  
My patience runs out the door,  
You can tell me all the ways that you love me,  
But still ain't ever been to my show.  
Oh...

-chorus-

Why do you pick me up to watch me fall?  
You say you're so in love,  
Then turn around and screen my calls?  
(M) Foot on the gas...  
(K)... the car keep stalling.  
(M) A passionate kiss...  
(K)... with eyes wide open.  
(K/M) Cold then hot, you go then stop,  
She loves me, she loves me not.  
She loves me not--

You keep me out on a wire,  
Somewhere between the "you" and "you and I",  
My legs are getting so tired,  
From hanging on your every word,  
Making up excuses why  
You can't make up your mind.

-chorus-

Why do you pick me up to watch me fall?  
You say you're so in love,  
And then turn around and screen my calls.  
(K) Foot on the gas...  
(M)... the car keeps stalling.  
(K) A passionate kiss...  
(M)... with eyes wide open.  
(K/M) Cold then hot, you go then stop,  
She loves me, she loves me--

-bridge (K)-

Whenever she is lonely,  
Or after watching a girly movie, like The Notebook  
Or when she needs a hand to hold  
(M) He loves me...

-bridge (M)

Whenever it's convenient,  
Told myself each time he means it,  
I happily play the fool.

Ooh, ooh, ooh, ooh--

Why do you pick me up to watch me fall?  
You say you're so in love,  
And then turn around and screen my calls?

Why do you pick me up to watch me fall?  
You say you're so in love,  
And then turn around and screen my calls?

Foot on the gas--car keeps stalling.  
A passionate kiss--with eyes wide open.  
Cold then hot, you go then stop,  
She loves me, she loves me not.  
He loves me, he loves me not.  
She loves me, she loves me not.  
She loves me not--
