Seconds, hours, so many days
You know what you want but how long can you wait?
Every moment lasts forever
When you feel you lost your way

And what if my chances were already gone?
Started believing that I could be wrong
But you give me one good reason
To fight and never walk away

With every step you climb another mountain
Every breath it's harder to believe
You make it through the pain, weather the hurricanes
To get to that one thing

Just when you think the road is going nowhere
Just when you almost gave up on your dreams
They take you by the hand and show you that you can
There are no boundaries!
There are no boundaries!

I fought to the limit to stand on the edge
What if today is as good it gets?
Don't know where the future's headed
But nothing's gonna bring me down

I've jumped every bridge and I've run every line
I've risked being saved but I always knew why

I always knew why!

So hear I am still holding on!

With every step you climb another mountain
Every breath it's harder to believe
You make it through the pain, weather the hurricanes
To get to that one thing

Just when you think the road is going nowhere
Just when you almost gave up on your dreams
They take you by the hand and show you that you can

You can go higher, you can go deeper
There are no boundaries above and beneath you
Break every rule 'cause there's nothing between you
and your dreams

With every step you climb another mountain
Every breath it's harder to believe

Yeah! There are no boundaries
There are no boundaries!

With every step you climb another mountain
Every breath it's harder to believe
You make it through the pain, weather the hurricanes
There are no boundaries!
There are no boundaries!
There are no boundaries
