Standing in our silence
I hear my heart beating
And if only I could choose
I'd stay here with you
But hold me 'til the train is leaving
Somewhere down the line
After you're gone from sight
Our love will be the same
And, whispering your name,
I'll cling to you with all my might

Let me dream of you
But it's true
And wake me up when this is over
Love will be there when this is over and

Chorus:
Somewhere far beyond today
I will find a way to find you
And somehow thru the lonely nights
I will leave a light in the dark
Let it lead you to my heart

There's a love inside us
Deep down inside
That goes without saying
Don't say a word
But I'll tell you just the same
And that love will fan the flame
And that flame will warm the heart that's waiting

You are mine and I'll wait for you my love
You are mine it may take some time
Even if it takes a lifetime
Tell me you'll wait

Chorus

Bridge:
And somewhere alone
I will be praying you home

I know that somehow our love

Our love will lead me to your arms

Chorus
