You could be a good girl,  
He could be a great guy,  
Same rules apply.  
Do or Die.

You could love her one day,  
Hate him on the next day.  
No one really knows when or why, Baby.

You had a hard day at work,  
She had a hard day too.  
And now you both have an attitude, yeah.  
But just remember that you both love each other very  
much.  
So go ahead and make up.

Chorus  
No matter how hard you try.  
There ain't no gettin' by the hard times.  
It's always gonna be somethin'.  
No matter how positive you live,  
Or how much love you give.  
I'm telling you! I'm telling you!  
It's always gonna be somethin'.  
Always one thing after another,  
Just keep livin' you'll discover.  
You can't let it stress you out.  
It's just a part of life.  
I'm tellin' you! I'm tellin' you!  
It's always gonna be somethin'.

You could have a good love,  
You could have a rich love.  
Same rules apply.  
Do or die.

Either it will make you,  
Maybe it'll break you.  
You will know the outcome in time! I know!

He's gonna make you cry,  
She gonna tell a lie,

But you need to know that if it's really love,  
Then fight for it, Love,  
You got to hold on 'cause

Chorus

No matter how hard you try.  
There ain't no gettin' by the hard times.  
It's always gonna be somethin'.  
No matter how positive you live,  
Or how much love you give.  
I'm telling you  
It's always gonna be somethin'.  
Always one thing after another.  
Just keep livin' you'll discover.  
You can't let it stress you out.  
It's just a part of life.  
I'm tellin' you...  
It's always gonna be somethin'.

You can find a new man, it won't matter and,  
You can find a new chick, it won't matter 'cause  
You can't run away from life whether it's good or bad.  
So take the good with the bad,  
And try to make it last  
'Cause love is all we have  
Love is all we have

Chorus

No matter how hard you try.  
There ain't no gettin' by the hard times.  
It's always gonna be somethin'.  
No matter how positive you live,  
Or how much love you give.  
I'm telling you  
It's always gonna be somethin'.  
Always one thing after another.  
Just keep livin' you'll discover.  
You can't let it stress you out.  
It's just a part of life.  
I'm tellin' you  
It's always gonna be somethin'.

It's always gonna be somethin'.  
It's always gonna be somethin'.
