Yo, oh, oh, oh
Oh, oh, oh, oh
Let's talk about it

I used to have a man
That didn't know what he had
Till he saw me in the hands of somebody else

I mean everyday flat, no romance
Now he's sitting at home, all by himself
Saying

What did I do?
It's not what you did, it's what you didn't do, didn't do
What can I say?
Not a word that'll get me back to you, back to you

Where did I go wrong?
Well, remember the times when you didn't come home
I got tired of it, I'm sick of all this
When a woman's fed up ain't nothing you can do about
it

Go ahead with all of that
'Cause when you had me
You didn't want me
You just treated me bad

Go ahead with all of that
So what, you saw me with somebody else, what?
You're supposed to be mad
You better go ahead with all of that

Baby, baby talk, turn around and walk right out the
door
'Cause I gave you too many chances
To fix our romance
But I don't want you no more

No more, no more, no, no more, no
I don't want you
No more, no, no more, no more, no more

You used to keep me in the house
Never took me out
Like I heard he was doing with this girl named Kim

I used to tell them but he really never hit 'em till I quit
'em
I did the same thing to him
Now he wanna say

What did I do?
It's not what you did, it's what you didn't do, didn't do
What can I say?
Not a word that'll get me back to you, back to you

Where did I go wrong?
Well, remember the times when you didn't come home
I got tired of it, I'm sick of all this
When a woman's fed up ain't nothing you can do about
it

Go ahead with all of that
'Cause when you had me
You didn't want me
You just treated me bad

Go ahead with all of that
So what, you saw me with somebody else, what?
You're supposed to be mad
You better go ahead with all of that

Baby, baby talk, turn around and walk right out the
door
'Cause I gave you too many chances
To fix our romance
But I don't want you no more

Go ahead with all of that
'Cause when you had me
You didn't want me
You just treated me bad

Go ahead with all of that
So what, you saw me with somebody else, what?
You're supposed to be mad
You better go ahead with all of that

Baby, baby talk, turn around and walk right out the
door
'Cause I gave you too many chances
To fix our romance

But I don't want you no more

This ain't something we can work out
Ain't nothing for you now to talk about
And how to get as far away from each other as we can

'Cause you don't know how to treat no lady
And you wanna act all crazy
Say the wrong words, do the wrong things
And expect me to take you back, no

Go ahead with all of that
'Cause when you had me
You didn't want me
You just treated me bad

Go ahead with all of that
So what, you saw me with somebody else, what?
You're supposed to be mad
You better go ahead with all of that

Baby, baby talk, turn around and walk right out the
door
'Cause I gave you too many chances
To fix our romance
But I don't want you no more

Go ahead with all of that
'Cause when you had me
You didn't want me
You just treated me bad

Go ahead with all of that
So what, you saw me with somebody else, what?
You're supposed to be mad
You better go ahead with all of that

Baby, baby talk, turn around and walk right out the
door
'Cause I gave you too many chances
To fix our romance
But I don't want you no more

Go ahead with all of that
'Cause when you had me
You didn't want me
You just treated me bad

Go ahead with all of that
So what, you saw me with somebody else, what?
You're supposed to be mad

You better go ahead with all of that
