Spoken:

before I met you
my life was so different
it was like my emotions were asleep
well, you've awakened them
and now I'm in love with you
and everytime I see you
my heart skips a beat

1

once I was so alone, my heart had no fire
baby I was working but I was so uninspired
wasn't looking for love, wasn't looking for romance
but somehow love, it found me
and then my heart began to dance, dance, dance

2

baby ooh baby ooh (come closer)
baby you baby you make my heart beat
baby ooh baby ooh (come closer)
baby you baby you make my heart beat

3

the closer I get to you, my lips are smilin
the beat goes twice the tempo
temperatures risin
now I'm thinkin bout love, thinkin bout your body
whenever you're around me
you make my heart begin to dance, dance, dance

repeat 2

4

funny how love can change even the simplest things
baby when you touch me (oh)
baby when you kiss me (oh)
oh, there's something bout your lovin boy
that makes my, makes my heart wanna dance dance
dance

spoken:

yeah you've got the power baby
I love what you're doing to me baby
will you dance with me baby?

repeat 2 with adlibs until fade
