I see you in a different light, candlelight, moonlight  
I see you in a different way, through different eyes,  
and it's so nice

VERSE 1 (Chanté© Moore):

We were just friends, that's how it started  
You told me your secrets and I told you mine  
You were always there with a shoulder to lean on  
anytime (ohhh)  
Now something's changed, nothing's the same (no, no)  
You're here beside me and...

CHORUS:

I see you in a different light, candlelight, moonlight  
I see you in a different way, through different eyes,  
and it's so nice  
I see you like I've never seen you before  
The way I wanna see you much more  
Oh tonight, tonight I see you in a different light

VERSE 2 (JoJo Hailey):

You were the one I'd always turn to  
The one I could talk to, baby, the one I could trust  
Who'd have ever dreamed we would be here together  
making love  
The sweetest surprise has come to my life  
You're here beside me and...

CHORUS

BRIDGE:

(Chanté©) When did your kisses get so sweet baby  
(JoJo) It's such a sweet surprise to me  
(Both) To look into your eyes (ohhhh)  
And see you in a different light, candlelight, moonlight  
I see you in a different way, through different eyes,  
and it's so nice  
I see you like I've never seen you before  
The way I wanna see you much more  
Whoa, tonight, tonight, I see you in a different light  
Candlelight, moonlight (adlibs)

VAMP:

I see you, I see you baby

Like I've never seen you before

(I see you baby, I see you baby)
