I'm gonna light a candle babe  
Candle babe  
To set the mood  
Only if you want me to  
I'll undress you  
Forget about your mistress for tonight  
Cause I'm the only lady in your life  
I know you didn't know I knew  
This is what I'm gonna do

I'm gonna love you so right  
I'm not gon fuss, I won't fight  
Cause you're here and you're mine  
And no matter what you do  
I'm keeping you  
For better or worse  
No matter how much it hurts  
Cause you're here and you're mine  
And no matter what you do  
I'm keeping you

I'm gonna love you so completely  
You'll remember why you chose me  
There's so much, so much between us  
And I compromise you have my forgiveness  
One night of love won't make it right  
But let's start somewhere  
It's worth the fight  
I know we can fix this  
Even if it takes the rest of our lives  
I'm gonna love you so right  
I'm not gon fuss, I won't fight  
Cause you're here and you're mine  
And no matter what you do  
I'm keeping you  
For better or worse  
No matter how much it hurts  
Cause you're here and you're mine  
And no matter what you do  
I'm keeping you

(Call her) Tell you can't hang

(Call her) Tell her things just ain't the same  
(Call her) Tell her how much you love me  
(Call her) Tell her you're right where  
Right where you wanna be

I'm gonna love you so right  
I'm not gon fuss, I won't fight  
Cause you're here and you're mine  
And no matter what you do  
I'm keeping you  
For better or worse  
No matter how much it hurts  
Cause you're here and you're mine  
And no matter what you do  
I'm keeping you
