{Okay, tell me what you love}

I love everything about you, baby

{Where's your favorite spot}

I love your...

{Uh-huh...okay, I like that one too}

{But you know what I like about you}

What's that, baby

{I like it right there}

{I like to kiss that part}

Startin' from your head down to your toes

You are so beautiful

You are everything, everything, everything I need

Tonight I'm gonna make love to every part of you

And it's gonna be so intense

'Cause I was made to love you

Your gentle hands touch me right

Let me soothe your body every night

A little kiss from my lips

Excites my love, makes me do this

Your love's so sweet, come give me more

Take all of me, baby, I'm yours

'Cause can't nobody love me like you

I feel like I was made for you

Startin' from your head down to your toes

You are so beautiful {Yes, you are}

You are everything, everything, everything I need

Tonight I'm gonna make love to every part of you

{Every single part of}

And it's gonna be so intense

You were made to love {Made to love}

'Cause I was made to love you

Made just for me, perfect design {Thank you}

Baby, you define one of a kind

Baby, all I want (Yeah) and everything I need (Hey)

To build me strong (Yeah), to take eternally

When I give you love

Is when we make love {It's like the first time}

So let's make this love {Like it's the last time}

Baby, this time it's for all our time

Startin' from your head down to your toes {From your
sweet head}

You are so beautiful {Down your toes}

You are everything, everything, everything I need

{I'll give you everything you need}

Tonight I'm gonna make love to every part of you

And it's gonna be so intense

You were made to love

'Cause I was made to love you {Love you}

Oh, you're keepin' me inspired

And whatever my little old heart desires

You keep givin' it to me (I'll give it to you, babe)

So that's why you're the only man my heart beats for

And you're the only girl that I adore

Just keep doin' what you're doin', doin' what you're

doin' to me, oh, oh

You were made to love, I love you

Baby, I love you from your head

Startin' from your head down to your toes {Down your
toes}

You are so beautiful {So beautiful}

You are everything, everything, everything I need

Tonight I'm gonna make love to every part of you

{Every part of you}

And it's gonna be so intense

You were made to love

'Cause I was made to love you {I was made to love you,
baby}

Startin' from your head down to your toes {Made to
kiss you, baby}

You are so beautiful (Yeah, yeah)

You are everything, everything, everything I need

{Down to my soul }

Tonight I'm gonna make love to every part of you (I
want all of you)

And it's gonna be so intense {Feels so good}

You were made to love

'Cause I was made to love you

You were made to love

'Cause I was made to love you

You were made to love

'Cause I was made to love you
