Pa pa pa pa, pa pa pa pa.  
Pa pa pa pa, pa pa pa pa.  
Pa pa pa pa, pa pa pa pa.  
Pa pa pa pa, pa pa pa pa.

Honey I know that you didn't know, that lovin' me could  
be like this,  
but you're not alone, my mind was blown, I could not  
resist.

And now I find myself taken over by the feelin',  
and I know within my heart it's too late to say goodbye  
now,  
there's a place in me that belongs to you baby,  
so relax and be mine.

Now that love's taken over me, what will I do now,  
now that love's taken over you, baby I'll show you,  
how it feels to live in ecstasy, ecstasy, ecstasy,  
now that love's taken over.

Too bad for you, you can't free yourself from me,  
don't bother to, you'll have to stay here forever.

And now you find yourself taken over by the feeling,  
and you know within your heart it's too late to say  
goodbye now,  
there's a place in you that belongs to me baby,  
so relax and be mine.

Honey I can't feel sorry for ya,  
you've got me lovin' you so much I just can't let go  
You should have known one day that love was gonna  
catch up to ya,  
and now you know.

Now that love's taken over you, what will you do now,  
now that love's taken over me, baby I'll show you,  
how it feels to live in ecstasy, ecstasy, ecstasy,  
now that love's taken over. (Sing it with me now.)

Pa pa pa pa, pa pa pa pa.

Pa pa pa pa, pa pa pa pa pa.  
Pa pa pa pa, pa pa pa pa pa.  
Now that love's taken over.

Ooh-oh-ooh, pa pa,  
ooh-ooh-ooh-ooh.

Flyin' high in the friendly skies,  
feels so good sometimes it makes me cry,  
this love's got to be here for always,  
I can't give you up, I won't give you up,  
no way.

Now that love's taken over you, what will you do now,  
now that love's taken over me, baby I'll show you,  
how it feels to live in ecstasy, ecstasy, ecstasy,  
now that love's taken over, baby love's taken over,  
now that love's taken over you, now that ---- would ----  
you,  
now that love's taken over me, baby I'll show you,  
how it feels to live in ecstasy, yeah, yeah,  
now that love's taken over. (Oh sing it with me.)

Pa pa pa pa, pa pa pa pa pa.  
Pa pa pa pa, pa pa pa pa pa.  
Pa pa pa pa, pa pa pa pa pa, now that love has taken  
over,  
now that love's taken over.

Ooh-oh-ooh, pa pa,  
ooh-ooh-ooh-ooh.  
Ooh-oh-ooh, pa pa,  
ooh-ooh-ooh-ooh.
