#### Verse 1

When I first saw you I had nothing to compare to  
How could I recognize the man of a life time  
But when you first told me of the secrets deep within  
me  
I had to admit  
This is it  
If it not had been fortold  
The love that would unfold  
Cant wait til it overflows  
Just look no one even knows  
I cant deny it  
Im ready to try  
When I look in your eyes  
I feel butterflies

#### Chorus

Ya Ya Pa Pa  
M-A-N M-A-N M-A-N

Man oh Man  
Man of a Life Time

#### verse 2

You know I had to get near you cause  
Your pullin my trigger DUCK  
Im bout to blow  
I think you know Your fullfilling my fantasies  
I had before you and me  
You knew without know  
And my mind is blowing  
Come take a trip  
Come take a dip  
I think I knew what eve felt before they slipped  
Safe in your arms  
Deep in your arms  
Ive waited so long to sing you this song  
chorus
