Your love's so precious

Precious

I'm with you, you're with me and this is reality
We're together like never before
And now I want you more
Heaven must have sent you, so perfect your love

Come to me, don't be afraid of this love, and never let
go
In my heart you're everything that I need to survive
You keep me so alive

Your love's so precious
Like a diamond in the rain that drops on the window
pane
Your love's so precious
Nothing in the world could ever take me away

You're the love of my life, I'm gonna do you right
'Cause you possess a heart of gold, you're so beautiful
These feelings that you give me
I will keep forever

Come to me, don't be afraid of this love, never let go
In my heart, you're everything that I need to survive
You keep me so alive

Your love's so precious
Like a diamond in the rain that drops on the window
pane
Your love's so precious
Nothing in the world could ever take me away
