Don't look back, there's only things
You cannot change the past
You're wastin' time asking
What if you linger on too long?

Pick the roses from the thorns
Wash with waters of the storm
See the sun in your bad day
Smell the flowers in my valley

This moment is mine
I'm living inside
I grow with each breath that I take
I cherish my freedom

I'm sharing my joy
I'm glowin' like sunshine
I'm spreading my wings and I fly
I'm still as the night

This moment is mine
This moment is mine

Possibilities travel endless
Through infinity our finite minds
Cannot see the unknown to be
In your worry what can change

Not a thing
In the spirit of your mind be renewed
It's not too late, redeem the time
And seize the day

This moment is mine
(This moment is mine)
I'm living inside
(I'm living inside)
I grow with each breath that I take
I cherish my freedom

I'm sharing my joy
I'm glowin' like sunshine

I'm spreading my wings and I fly
I'm still as the night

This moment is mine
This moment is, this moment is mine

Sweetest moment passing you by
Live in the now and let go
I can't tell you how it feels so good to find
This moment is mine so I'm taking my time

This moment is mine
I'm living inside
I grow with each breath that I take
I'm lovin' my freedom

[Incomprehensible]
I'm spreading my wings and I fly
[Incomprehensible]

This moment
