I remember seein' you, do your thing
With a brand new girl on your arm every time it rained
Used to say, one girl is not enough
Now, you can't believe you let them go, fell in love

You was a pimp, playboy
You're not a pimp
Now, I'm in your life
I'm exempt
'Cause I've got your heart
And now you belong to me, yeah

When it comes to me
I get what I want
'Cause I made you fall in love
When it comes to me
You don't have control
'Cause I beat you at your game
I beat you at your own game

When it comes to me

Now when you go dancing your with me
No wanderin' eyes 'cause I trained you to respect me
You're thinkin' twice now 'cause you're sprung
You called your mama and you told her that I was the
one

You was a pimp, playboy
You're not a pimp
Now, I'm in your life
I'm exempt
'Cause I've got your heart
Now you belong to me, yeah

When it comes to me
I get what I want
'Cause I made you fall in love
When it comes to me
You don't have control
'Cause I beat you at your game
I beat you at your own game

When it comes to me
I get what I want
'Cause I made you fall in love
When it comes to me
You don't have control
'Cause I beat you at your game
I beat you at your own game

I think, you're in trouble

When it comes to me
I get what I want
'Cause I made you fall in love
When it comes to me
You don't have control
'Cause I beat you at your game
I beat you at your own game

When it comes to me
I get what I want
'Cause I made you fall in love
When it comes to me
You don't have control
'Cause I beat you at your game
I beat you at your own game

(I beat you at your own game)
When it comes to me
Baby, when it comes to me
When it comes to me
I beat you at your own game

When it comes to me
I get what I want
'Cause I made you fall in love
When it comes to me
You don't have control
'Cause I beat you at your game
I beat you at your own game
