I walked alone and I™ lived simply my own life
And nothing matter besides my needs
I™ used my way and my words like a bold knife
To clear the road and to where it leads

And then I™ found you, now I™ know where I 'm going
and what my life is meant to be
I feel a strength inside my heart that is growing
And it just conquers my inner me

Always and forever with you
And no matter what I 'll be there
Baby you 're so good to be true
And I have it all if you care
Always and forever with you
In your eyes I see my dreams shine
Ask me to be yours and I 'll do
And with you I 'll make the world mine
With you together
With you forever

I place my whole life in this ring on your finger
I hold your hand and I walk ahead
I play this song for you as I am your singer
"I 'll be your lover, I 'll be your friend"

Always and forever with you
And no matter what I 'll be there
Baby you 're so good to be true
And I have it all if you care
Always and forever with you
In your eyes I see my dreams shine
Ask me to be yours and I 'll do
And with you I 'll make the world mine
With you

Always and forever with you
And no matter what I 'll be there
Baby you 're so good to be true
And I have it all if you care
With you together

With you forever
