Fause, Fause hae ye been
Tae me my love
An often ye've changed yer mind

But nou ye've lain yer love
On some other fair one
I fear ye'r nae longer mine

Fause, Fause hae ye been

I have climbed intae a tree that wis too high for me
Seekin fruit whaur there wasn't any growin
I've drawn warm water from beneath the cauld, cauld
clay
An against the stream i was rowin

Fause, Fause hae ye been

But I intend tae climb intae some far higher tree
An herrie the white snowflake's nest
An doun i will fall without any fear
Intae the airms that luv me the best

Fause, Fause hae ye been

Fause, Fause hae ye been
Tae me my love
An often ye've changed yer mind

But nou ye've lain yer love
On some other fair one
I fear ye'r nae longer mine

Fause, Fause hae ye been
