[Brenda Lee & Kris Kristofferson]

Not many'd say you're handsome cause they don't
realize
That the best is often hidden from another's eyes
But in the quiet moments that's when you stop to shine
And every night I'm thankful that you're mine mmm
that you are mine
Cause you were born to love me in your gentle way
Born to love me each and every day
Born to love me born to hold me tight
Born to love me every night every night every night

I've learned it doesn't matter what other people see

It's what I feel for you and what you feel for me
You've made my life worth livin' because you
understand
That love is made for givin' you're so good oh yeah
you're so good
Cause you were born to love me...
