(Kris Kristofferson - Rita Coolidge)

Hey, fair weather friend
You know you can bend me
I don't wanna break
Hey, lend me a hand
Something I can lean on
'Til I'm strong enough to make it.

'Cause I'm lost, but I'll be lookin'
I've been hurt, but I keep on hopin'
'Cause I'm down, but I keep fallin'
Fall in love with you, fall in love with you.

Take all you can find
Any way you want to
Easy as you can
Leave something behind
Love enough to live on
'Til I'm strong enough to stand it on my own.

But I'll be lookin'
All alone. but I keep on hopin'
'Cause I'm down, but I keep fallin'
Fall in love with you, fall in love with you...
