Rain

(Rain falling, always falling)

Pain

(Pain hurting, never ending)

Tear

(Here come the tears of sorrow)

Fear

(Fear of today, tomorrow)

Cry

(Cry, when there's no use crying)

Goodbye

(Goodbye, there's no use trying)

It all runs together when your loved ones are gone

And your head spins in circles

And you're lyin' with your face down in the rain

Salvation Army band playin' their all night stand

Rain pouring from the sky, blind people passing by

No one will help 'em now, no one will even try

It all runs together when your loved ones are gone

And your head spins in circles

And you're lyin' with your face down in the rain

This is his time at last

(This is his time)

His life is fading fast

His faith has fled away

(His faith has gone)

He tries but cannot pray

This is the way we live

(This is the way)

We take and never give

It all runs together when your loved ones are gone

And your head spins in circles

And you're lyin' with your face down in the rain

Rain

(Rain falling, always falling)
Pain
(Pain hurting never ending)
Tear
(Here come the tears of sorrow)

Fear
(Fear of today, tomorrow)
Cry
(Cry, when there's no use crying)
Goodbye
(Goodbye, there's no use trying)

Someone could've helped him
But no one would try 'cause his pride wouldn't let them
And now he's gonna die there in the rain

Shall we gather at the river
