There's a silence full of stars
For as far as I can see
In the silence where you are
Do you ever dream of me?

The moon is dark; the night is silver
Wild perfume is on the breeze
I feel the stars cold as forever
Half as true as you and me

I'll be your friend; I'll be your lover

I'll be whatever you ever need
Right to the end, until it's over
I swear to you, you can count on me

But my heart is breaking here tonight
My soul is weary from the fight
My god, I've tried and I've been true
My love, I'm coming home to you
