There's a silence full of stars for as far as I can see
In the silence where you are do you ever dream of me
The moon is dark the night is silver wild perfume is on
the breeze
I feel the stars cold as forever half as true as you and
me
And I'll be your friend I'll be your lover I'll be whatever
you ever need
Right to the end until it's over I swear to you you can
count on me
But my heart is breaking here tonight my soul is weary
from the fight
My God I've tried and I've been true my love I'm coming
home to you
[harmonica]

I'll be your friend...
